

Gender Sensitisation can be understood in simple terms as a modification of behaviour by addressing issues of gender inequality. Gender sensitisation is taught through various programmes undertaken from time to time. Educational institutions instil thoughts and corrects perceptions. Education helps in creating an open minded society. Multiple lectures seminars, talks, workshops and debates are organised by various departments and cells to make the students aware about Gender sensitisation. Girls are motivated to participate and enrol in NCC and NSS wings of the college as it develops strength, confidence and leadership qualities in them. To facilitate a gender sensitive environment 'Women Anti-Harassment Cell' is structured which deals with cases of complaints where face to face interaction and counselling resolves issues. A gender sensitive environment enables girls to maximize their potential as it builds self-respect, confidence and self-esteem. The institutes extension activities are designed to cater to these needs and various committees are formed and interactive sessions between staff and students is encouraged for this purpose and an open forum of dialogue and discussion is helpful in understanding and resolving issues. Education develops the leadership qualities in young girls. It creates social awareness, health awareness and develops strong personalities.

Due to COVID conditions a few functions were organized in the college among them following two were related to Gender Sensitisation.

1) On 30th Jan, 2021 a seminar on Road Safety Awareness was organised. Inspector Pushpa Devi delivered a lecture the safety of women while travelling or driving on roads. Girls were made aware of various safety mobile applications like Shakti App. Girls were also given self help training of Taekwondo.

2). Online Teej was celebrated on 25/7/2020
